Nominated for the Latin Grammy Awards in 2020 for best album Cumbia/Vallenato, Los Cumbia Stars are a band that performs Colombian tropical music, and the only one of tropical genre signed by the legendary record label Discos Fuentes.

Composed by the singer Cristina Escamilla, one of the most important voices of the genre in Colombia, and seven musicians with extensive experience and recognized musical quality, this band is directed by composer, guitarist and accordion player Juan Pablo Acosta. Their repertoire is 100% danceable and fuses unreleased songs from their three albums with original arrangements by the great masters of Colombian tropical music such as Lucho Bermúdez, Rodolfo Aicardi, Los Corraleros de Majagual, Joe Arroyo, Fruko y sus Tesos, among others

LOS CUMBIA STARS 2023

Los Cumbia Stars have already exceeded 70 live performances, among which the following stand out: La Magdalena Fest, The 85th Anniversary of Discos Fuentes at the Pablo Tobón Uribe Theater in Medellín, the Medellín Jazz Festival and the Ruta Colombia Festival of the Universidad de los Andes 2020 and 2022 in Bogotá, Teatro Metropolitano 2021, Teatro Colón 2022, México Tour 2022.

This new bet by Discos Fuentes has 4 records: 3 on studio and one live, which include "Llora Mi Acordeón" as one of the most popular songs from the album nominated for the Latin Grammy and which reached #1 in the Top 10 of Estrella Estéreo, besides being a success among the sonideros of Monterrey (Mexico). In addition, the single "El Platanal" spent 2 weeks at #1 in the TOP 20 of Colombia's National Radio in 2022, and some of our songs include collaborations with recognized artists such as Alfredo Gutiérrez, Armando Hernández, Los Corraleros de Majagual, La Sonora Dinamita, Maria Mulata, Majida Issa, among others.

This year we will continue with our concerts and releases, generating new content every month to consolidate ourselves as the leading group of cumbia in Colombia and Latinamerica, and pursuing our dream of making history in our country's music.
